## COLOR SHOP

**Do you wish to choose a color design of the bike that will exactly meet your expectations? Would you like to have a really nice color recumbent gem? Again, this is not a problem. We have prepared a special program called Color Shop for you. You can combine the colors for your bike there. You can for example choose a blue front boom and carrier with a red frame and fork, including a red saddle. Just dream away for a minute, allow your imagination fly and anything will be possible.**

However, please note that some parts of the bikes are hard anodized and it has to be so due to necessary tolerances in the manufacture and assembly. These parts cannot be painted and will always be black or red.

You can also choose different colors or some options like the Rohloff hub, SON hub dynamo or SON Edelux front light.

These can all be either the standard polished silver version or you can have them in black or red color.

Also Schlumpf cranks can be either silver or black. If you have any other special colorful wish just ask us and we will try to find a solution for you.

WHICH PARTS CAN BE PAINTED IN COLOR SHOP		
<b>TOP LINE (Max, 5, Mini)</b>	main frame, front boom, rear fork, ASS stem, USS bars, seat, standard carrier	
<b>MAINSTREAM LINE (Ibex, Apus, Bufo)</b>	main frame, front boom, rear fork, ASS stem, USS bars, seat, standard carrier	
<b>TRIcon</b>	main frame (front and rear part separately), front boom, rear fork, bars, seat frame, standard carrier, lower carrier

## CONDITIONS FOR AZUB RECUMBENTS

### **Off-season discount:**

5% from 1st of October to 30th of January.

**Valid for orders of complete bikes/trikes or frame sets placed in AZUB or placed through our dealers. Important is the date when we receive the order.**

The reason why we offer such discount is simple. During the high season we have so many orders that we can hardly assemble all of them in time. Guys are working 10 to 12 hours a day and often during weekends too. Those are very hard times for all of us here. And still, even we try as much as we can, our lead times are longer than we would like to have them.

And than in winter, we do not have enough orders to work on as you all wait for Spring :-). Hiring more people is not a solution too, as we need to know all the guys from assembling and they have to have a certain level of knowledges and skills. The build quality is very important factor for us and we believe also for you.

All that means such discount should motivate some of you to accelerate placing of the order before the high season comes or to wait with the order some weeks until the Autumn is here.

We hope that this way we will have somehow steady flow of orders and our mechanics will have enough time to work on your bikes and will also have enough time to rest.

### **Prices:**

all prices are with VAT. The AZUB recumbents are tax free (rate of duty) in export to European Union.

**Transport in Europe is included in the price (Valid only for complete bikes and frame sets).**

### **Shipping:**

In person or by mail in box (every time adjusted), 95% assembled.

No special tool needed. No technical skills needed.

### **Shipping cost:**

within EU - the price of transport is free of charge. You will pay just the price which is in the pricelist.

100-400 EUR up charge for other countries. (according to delivery conditions, weight...)

### **Payment:**

We accept bank transfer only. Orders have to be prepaid.

*The components, assembly and colours may deviate from pictures and descriptions due to manufacturers and technical progress.*

*valid from 01.04.2013*
